WELCOME

COMPANY CONCEPT

Tripoli Construction Company (TCC) is a Jordanian-based contracting firm established in 2019, specializing in civil works, building construction, and turnkey fit-out projects, including hotels, apartments, and restaurants. TCC serves as a main contractor for small to medium-sized projects, offering project management and engineering solutions. Known for high standards of quality, safety, and timely delivery, TCC has a strong track record with diverse projects such as government buildings and luxury villas. The company blends aesthetic appeal with functional design, making it a trusted partner in the Jordanian construction industry.

ABOUT THE

COMPANY

Founded in 2019, Tripoli Construction Company (TCC) grew from a trading and decoration business in Palestine and Jordan into a leading construction firm, known for quality, safety, and client satisfaction. TCC has grown into a full-service contractor specializing in civil works, construction, and turnkey fit-outs for hospitality, residential, and commercial projects—earning a reputation for on-time, on-budget delivery with a strong focus on safety, quality, and sustainability. Tripoli Construction's evolution from a trading and decoration business to a premier Jordanian construction firm reflects its adaptability and excellence. Today, TCC is recognized for delivering tailored engineering solutions, managing small to mid-sized projects, and coordinating specialized trades for larger developments. With projects ranging from government buildings to luxury villas and restaurants, TCC is a trusted partner combining design and execution. As it grows, the company remains committed to community impact and developing its skilled team.

TCC provides civil works, building construction, turnkey fit-outs, and finishing services for hotels, apartments, and restaurants, along with expertise in electromechanical and general engineering. Known for delivering projects on time and within budget, TCC upholds the highest standards of quality and safety. Its diverse portfolio—from luxury villas and government buildings to commercial establishments—highlights its ability to combine aesthetic appeal with functional design.

SERVICES

We deliver comprehensive construction solutions tailored to each client's needs, with a strong focus on quality, safety, and innovation—covering every stage from planning to execution.

CONSTRUCTION

We provide a full spectrum of construction services, specializing in office buildings, residential complexes, and luxury villas. With a commitment to quality craftsmanship, we deliver projects to the highest standards and offer comprehensive maintenance to ensure lasting durability and client satisfaction.

EXTERIORS

Our exterior services enhance outdoor spaces with durable hardscapes, including walls, walkways, and pavers. We also specialize in ceramic tile, mosaic work, and the construction of safe, functional features such as playgrounds and stairs—combining lasting quality with inviting design.

INTERIORS

As interior fit-out experts, we transform spaces into tailored, visually appealing environments. From design to execution, our team delivers customized solutions with exceptional quality and attention to detail.

MEP

Our MEP services cover planning, costing, and execution, delivering efficient, standards-compliant infrastructure. With dedicated teams, we provide reliable mechanical, electrical, and plumbing solutions tailored to each project's needs.

FF&E

We provide customized FF&E solutions that enhance both function and aesthetics. Our procurement team works closely with clients to source high-quality, stylish, and practical items that align with the design vision and create a cohesive environment.

LANDSCAPE

We offer comprehensive landscaping services for residential and commercial properties, from tree care and plantation to natural grass installation. Our expertise includes efficient irrigation systems and both hard and soft landscaping, creating outdoor spaces that are beautiful, functional, and sustainable.

HISTORY

TIMELINE

2026 TCC undertakes a project for Junior, an international brand, alongside a prestigious private residence development.

2025 TCC undertakes the Medan Shooting Range project, expanding its portfolio in specialized sports infrastructure delivery.

2024 TCC is recognized for quality, safety, and innovation, earning awards for excellence in project delivery.

2023 TCC adopts sustainable practices to minimize environmental impact and deliver energy-efficient solutions.

2022 TCC delivers high-profile projects, from luxury villas to government buildings, strengthening its market presence.

2021 The company expands into interior fit-out, MEP, and landscaping, offering complete project solutions.

2020 TCC completes its first major projects, building a strong reputation in civil works and construction management.

2019 Founded in Jordan, Tripoli Construction Company evolved from a trading and decoration business into a specialized construction firm.

WORK

PROCESS

Our five-phase process—from consultation to handover—ensures efficiency, client engagement, and high-quality results delivered on time and within budget.

01

First Phase

We start with a consultation to align on the client's vision, needs, and budget.

02

Second Phase

We collaborate with clients to plan, refine designs, and secure permits for full compliance.

03

Third Phase

Our project managers coordinate construction with subcontractors and suppliers while keeping clients regularly updated.

04

Fourth Phase

Our skilled workforce delivers projects with a focus on quality, safety, and efficient site management.

05

FIFTH PHASE

After completion, we conduct a final walkthrough, resolve concerns, and hand over the project with full documentation.

VISION & VALUES

Vision

Our vision is to be Jordan's leading construction firm, recognized for excellence in quality, safety, and customer service. We aim to set the benchmark for sustainable building practices while making a positive impact on the communities we serve.

Values

We are a dynamic force in construction, design, FF&E, and MEP services, delivering innovative, reliable solutions tailored to each client's needs with a strong commitment to excellence.

Mission

Our mission is to deliver top-quality construction services with the highest standards of safety and professionalism. We are committed to completing projects on time and within budget while continuously pursuing excellence and innovation in every aspect of our work.

WHY CHOOSE US?

Tripoli Construction stands out for its collaborative approach, client-focused service, and attention to detail, delivering tailored design and engineering solutions.

WHAT MAKES US DIFFERENT

01 Client Alignment

02 Engineering Design

03 Quality & Safety

04 On-Time Excellence

Tripoli Construction sets itself apart with a strong commitment to collaboration and client satisfaction—guiding each project from consultation to design and engineering to meet both functional and aesthetic goals. With expert management focused on safety, quality, and timely delivery, Tripoli Construction is known for its attention to detail and commitment to exceeding expectations—earning its place as an industry leader.
